Methodology

The assessment employs a six-point interval scale to evaluate your Board's performance measured against 68 best-practice statements tied to 8 Board Effectiveness categories. Each statement requires a response ranging from "Strongly Disagree" to "Strongly Agree". Participants may also choose a "Don't Know" or "Not Applicable" response. Responses from all participants are aggregated resulting in performance mean scores.

The Results & Key Findings report is designed to reflect:

1. **Priorities:** The areas the Board Members view to have the most impact on their current effectiveness.
2. **Performance:** The Board Member's perception of the Board's overall performance in each of the 8 categories.
3. **Comparison:** The degree to which Inside and Outside Directors agree or disagree on priorities and performance.
4. **Consensus:** The level of agreement or disagreement that exists among the Board Members regarding performance in key areas.
